

Coal Power Plants: Opportunities Exist for Doe to Provide Better Information on the Maturity of Key Technologies to Reduce Carbon Dioxide Emissions

Filesize: 3.68 MB

Reviews

*This sort of ebook is every thing and made me hunting forward and a lot more. I have read through and i also am confident that i am going to going to go through once again once more in the foreseeable future. I discovered this publication from my dad and i encouraged this book to discover.

COAL POWER PLANTS: OPPORTUNITIES EXIST FOR DOE TO PROVIDE BETTER INFORMATION ON THE MATURITY OF KEY TECHNOLOGIES TO REDUCE CARBON DIOXIDE EMISSIONS

To get **Coal Power Plants: Opportunities Exist for Doe to Provide Better Information on the Maturity of Key Technologies to Reduce Carbon Dioxide Emissions** PDF, you should click the hyperlink below and save the file or have access to additional information which are have conjunction with **COAL POWER PLANTS: OPPORTUNITIES EXIST FOR DOE TO PROVIDE BETTER INFORMATION ON THE MATURITY OF KEY TECHNOLOGIES TO REDUCE CARBON DIOXIDE EMISSIONS** ebook.

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 70 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Coal power plants generate about half of the United States electricity and are expected to remain a key energy source. Coal power plants also account for about one-third of the nations emissions of carbon dioxide (CO₂), the primary greenhouse gas that experts believe contributes to climate change. Current regulatory efforts and proposed legislation that seek to reduce CO₂ emissions could affect coal power plants. Two key technologies show potential for reducing CO₂ emissions: (1) carbon capture and storage (CCS), which involves capturing and storing CO₂ in geologic formations, and (2) plant efficiency improvements that allow plants to use less coal. The Department of Energy (DOE) plays a key role in accelerating the commercial availability of these technologies and devoted more than 600 million to them in fiscal year 2009. Congress asked GAO to examine (1) the maturity of these technologies; (2) their potential for commercial use, and any challenges to their use; and (3) possible implications of deploying these technologies. To conduct this work, GAO reviewed reports and interviewed stakeholders with expertise in coal technologies. DOE does not systematically assess the maturity of key coal technologies, but GAO found consensus among stakeholders that CCS is less mature than efficiency technologies. Specifically, DOE does not use a standard set of benchmarks or terms to describe the maturity of technologies, limiting its ability to provide key information to Congress, utilities, and other stakeholders. This lack of information limits congressional oversight of DOEs expenditures on these efforts, and it hampers policymakers efforts to gauge the maturity of these technologies as they consider climate change policies. In the absence of this information from DOE, GAO interviewed stakeholders with expertise in CCS or efficiency technologies...
