Feeling Wisdom: Working with Emotions Using Buddhist Teachings and Western Psychology

By Robert Preece, Rob Preece

Audible Studios on Brilliance, United States, 2015. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. The realm of emotion is one of those areas where Buddhism and Western psychology are often thought to be at odds: Are emotions to be valued, examined, worked with as signs leading us to deeper self-knowledge? Or are they something to be ignored and avoided as soon as we recognize them? Rob Preece feels that neither of those extremes is correct. He charts a path through the emotions as they relate to Buddhist practice, showing that though emotions are indeed skandhas (elements that make up the illusory self) according to the Buddhist teaching, there is a good deal to be learned from these skandhas, and paying attention to their content contributes not only to psychological health but to deep insight into the nature of reality. He draws on his own experiences with emotions and meditation, through his training in both Tibetan Buddhism and psychotherapy, to show how working with emotions can be a complement to meditation practice.

Reviews

This is actually the greatest pdf i actually have read until now. it absolutely was writtern really properly and beneficial. Your life period will be change when you complete looking over this pdf.

-- **Lurline Little**

Absolutely among the best publication I have got at any time go through. It really is writer in straightforward phrases rather than hard to understand. Its been designed in an extremely straightforward way which is just soon after i finished reading this publication through which basically modified me, alter the way i believe.
