Shroff Publishers/Pring Research Inc, 2008. Hardcover. Book Condition: New. 19 x 24 cm. Breaking the Black Box is a user-friendly CD/book combination for traders and investors who want to design and apply their own automated or mechanical trading systems. Real Comments from Real Customers- "Ever wonder why that trading system shows such amazing success rates in its back testing, yet somehow when trading it in real time, you aren't seeing the returns they seem to promise? Thinking of shelling out big dollars for a system that shows fantastic returns but are skeptical and want to be able to examine if it can really perform in real time trading? Breaking the Black Box might just save you from breaking your trading account on over-hyped systems. And for those, who like me, develop your own systems this book provides a wealth of information that could save you time, and help you avoid potentially costly mistakes. Martin Pring's Technical Analysis Explained is considered by many to be the Grail on how to read charts; this book may play the same role for many system designers." - G. Doverspike, Seattle, WA "Breaking the Black Box illustrates with rare clarity the difficult transition that all traders encounter when creating their own systems. Pring's realistic assessment of all aspects of system trading provides valuable insights for the intermediate as well as the professional trader. The publication of this book couldn't be more timely." - M. Barker, Sarasota, FL "I have read over 85 books on Technical Analysis. Mr. Pring is without a doubt my favorite author. His knowledge on the subject is very profound and well exceeds anything else I have read. He has a gift of communicating to the layman. His profound concepts on Systems Development are not only easy to understand, but also easy...
