Praise, Motivation, and the Child (Paperback)

By Gill Robins

Taylor Francis Ltd, United Kingdom, 2012. Paperback. Book Condition: New. 244 x 172 mm. Language: English . Brand New Book. Anyone who spends time with children knows that praise works. It is a powerful motivator - praising children for good behaviour or good work builds self- esteem and self- confidence. Children love to collect stickers, certificates and rewards - so what better way is there to shape behaviour, encourage good work habits and produce confident learners? Teachers and parents alike know that praise is effective - we use it every day and we see the positive effect that it has on our children. However, constructivist practitioners would argue that praise in any form creates hierarchies and competition in the classroom, has little effect on genuine learning and is invasively judgemental rather than supportive. Constructivists would further argue that self-esteem cannot be built by external agency - teachers and parents can only create an appropriate environment in which a robust sense of self can grow and develop. This book challenges traditional, embedded thinking about the role of praise. It questions the assumptions we make about developing self-esteem, about the ability of children to form their own independent judgements and the choices that...

Reviews

It is in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.
