AK Press, United Kingdom, 2013. Paperback. Book Condition: New. 184 x 114 mm. Language: English . Brand New Book. The book s argument does not rely on ideologies, scapegoats, or heroes. more than anything, Disassembly Required is about a kind of common sense that s become hard to escape a common sense of privatization, austerity, and financialization that has invaded virtually every aspect of our lives and communities. 2008 gave many of us a remarkable window toward something different, Mann says, but we don t need to wait for another market crash to find a way out of capitalism. Sam Ross-Brown, Utne An essential handbook for understanding actually existing capitalism, and thus the world as it really israther than as it is theorized and justified by the dissembling high priests of mainstream academia, policy, and politics. Christian Parenti, Tropic of Chaos A brilliantly lucid book. Mann illuminates the basic principles of modern capitalism, their expressions in contemporary economies and states, and their devastating socio-ecological consequences for working people everywhere. This is a must-read if we are to envision ways of organizing our common planetary existence that are not based upon the illusory promises of market fundamentalism and the suicidal ideology of endless economic growth. Neil Brenner, New State Spaces Geoff Mann is a new breed of monkey-wrencher. He knows that contemporary capitalism has a perverse habit of dismantling itself and gives us a toolkit to build a new, more socially just edifice. Andy Merrifield, Magical Marxism Insightful and incisive, thoughtful and thorough, filled with new avenues for thinking about resistance. Pass this one by at your own peril. Matt Hern, Common Ground in a Liquid City To imagine how we might change capitalism, we first need to understand it. To succeed in actually changing it, we need to be able to...
