

The Longevity Project: Surprising Discoveries for Health and Long Life from the Landmark Eight Decade Study

Filesize: 6.12 MB

Reviews

It is simple in study easier to fully grasp. It is definitely basic but unexpected situations within the fifty percent in the ebook. I am delighted to let you know that this is actually the finest publication i have got read inside my own life and could be he very best ebook for actually.

(Destiny Walsh)

THE LONGEVITY PROJECT: SURPRISING DISCOVERIES FOR HEALTH AND LONG LIFE FROM THE LANDMARK EIGHT DECADE STUDY

Hay House UK Ltd. Paperback. Book Condition: new. BRAND NEW, The Longevity Project: Surprising Discoveries for Health and Long Life from the Landmark Eight Decade Study, Howard S. Friedman, Leslie R. Martin, We have been told that the key to longevity involves obsessing over what we eat, how much we stress, and how fast we run. Based on the most extensive study of longevity ever conducted, "The Longevity Project" exposes what really impacts our lifespan - including friends, family, personality and work. Gathering new information and using modern statistics to study participants across eight decades, Dr Howard Friedman and Dr Leslie Martin bust myths about achieving health and long life. For example, people do not die from working long hours at a challenging job - many who worked the hardest lived the longest. Getting and staying married is not the magic ticket to long life, especially if you're a woman. And it's not the happy-go-lucky ones who thrive - it's the prudent and persistent who flourish through the years. With questionnaires that help you determine where you are heading on the longevity spectrum and advice about how to stay healthy, this book changes the conversation about living a long, healthy life.
