Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Pathology of the Teeth: With Special Reference to Their Anatomy and Physiology I have thought it best to retain everything and to add but little. It was suggested that explanatory notes should be introduced in reference to many points with which students of dental science alone might be unacquainted, but it was found that too much space would be required in order to make these complete. Many of the works to which reference is made in the text are readily accessible, and from them the reader can obtain more satisfactory information and at greater length, than could be included within the limits of ordinary notes. I am well aware that the critical reader will find many blemishes in the translation and inelegant diction, which I trust will be pardoned. Perhaps I have not correctly appreciated the author's meaning in some instances; errors of this description I hope the critic will clearly prove. Prof. Hitchcock has carefully reviewed the translation, and the fewness of the notes which he has found necessary to add will indicate the clearness and completeness of the author's treatment of the subjects. I am greatly indebted to Prof. Hitchcock for the assistance which I have derived from conversations with him and from his library and pathological collection. Before the appearance of the present work, Prof. Wedl published an Atlas to the Pathology of the Teeth, which contains one hundred and forty-five beautiful engravings in illustration of malformations and diseases of the teeth, together with explanations of the same, both in German and English. Although this Atlas is not absolutely essential to the understanding of the present work, still, as...
