Morgan James Publishing, United States, 2015. Paperback. Book Condition: New. 236 x 155 mm. Language: English . Brand New Book. I didn t set out to become a collector of your and your neighbors information. When I was growing up, nobody but egghead scientists talked about data. It was the mechanical age, and I was a gadget geek, taking apart my cousin s toys and trying to put them back together again. I was especially crazy about cars and engines, and had it not been for a fateful encounter during college recruiting season, I might ve lived my life as a race car mechanic instead of learning about computers at IBM. As it turned out, pursuing Big Data allowed me the resources to become a professional race car driver on the side, competing against the likes of Paul Newman, who makes appearances in these pages as well. Such are the wonders of this journey we re all on. Mine has taken me from the frontier of western Arkansas, where my ancestors owned a hardware store selling iron tools to westbound travelers, to the frontier of the digital age, where room-size computers have become eclipsed by the power of smart phones. And in a sense, the story you re about to read isn t so different from those of the colorful adventurers who stocked up their wagons at my family s hardware emporium and headed west to make their fortunes. Data mining is the new gold rush, and we were there at first strike, dragging with us all our human frailties and foibles. In this book s cast of characters you ll find ambition, arrogance, jealousy, pride, fear, recklessness, anger, lust, viciousness, greed, revenge, betrayal, and then some. It is a messy story. In the big picture, this could be called...
