WHY DO WE NEED FOOD?: UNDERSTANDING HOW OUR BODY USES FOOD (PAPERBACK)

Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.Everyone understands what food is? Don t they! Well - not necessarily! The food industry has made it almost impossible to really understand what is in our food and what we need to get out of it for a healthy life. So many of the chronic illnesses of modern life are linked to food and our total lack of understanding about a healthy diet. This book will help you work out what a healthy balance is and how you can get it easily. It s not about fad diets, short term fixes or unpalatable healthy food. It s about understanding what food gives us, how to balance the food groups, how to change our eating habits for life when we actually know what we should be eating - and why.
